SOCIAL MEDIA MARKETING CAMPAIGN UPDATE

Our GoDaddy Social (www.mainstreethub.com) Campaign has been underway since mid-March. A Post schedule is planned out for each month for Facebook, Instagram, Twitter and Yelp. Each Post is strategically created by category (about our business, time and date sensitivity, add flavor). They are scheduled weekly for optimal impact and all Post Comments get replies.

If you follow Lynch Creek Farm, Bakery at Lynch Creek Farm or the Ben Franklin Society on Facebook or Instagram, you have seen the Posts created by GoDaddy SOCIAL on our behalf. It is important to understand the power of the Graphic Images when coupled with a sentence or two of description. I have been impressed with the essence of what Lynch Creek Farm has to offer in this straight forward manner.

If you have used Google Search or Maps, you have noticed the accurate display of Lynch Creek Farm, BreadWorks, Bakery and our Home. Considerable effort has been made to improve our SEO (Search Engine Optimization) Scores for all website Pages and Posts. If you search for “Nearby Meeting, Dining and Event Venues”, Lynch Creek Farm will appear at, or near, the top-of-the-list.

You can help leverage our marketing efforts, by writing Online Reviews.

To make this process easier for you, we will begin using a new Online Tool “Starfish Reviews” which extends the notion of Sales Funneling to Online Reviews.

With a simple click, you Select the Online Platform (Google, Facebook or Yelp) and are taken directly to the appropriate Review Page.

Give me some Feedback about this initiative. Thanks!

BEN FRANKLIN SOCIETY
PROJECT REPORTS

JULY 2019

GRIST MILL INVENTORY PROJECT

Bob Radcliffe has re-activated this Ben Franklin Society (BFS) Project and is seeking Volunteers to help with Field Inventory and NC Archive Report Preparation and Filing

Preparatory work began in December 2018, with a visit to NCDCCR in Raleigh, to meet new Archaeology Site Registrar, Rosie Blewitt-Golsch. A Prototype Mill Site filing process has been developed that now enables us to proceed and finally accomplish the goals of this Project that Bob started in 2008.

We successfully completed our first Archaeological Site Filing on December 11TH, 2018. The **WHITAKER MILL on Lynch Creek** was assigned the **OSA-ID 31FK165**. Each Site is assigned a permanent Site-ID by the OSA Site Registrar.

As we complete and submit each Final Site Report, we will post redacted PDF versions on our BFS website.

We encourage you to download and review these Site Reports. Learn about the history of your Community.

Our March Field Trips netted missing GPS Coordinates and Photography, so that additional Site Reports could be finalized. Contact Bob Radcliffe to register for the Field Trip you want to attend. We will gather at the Lynch Creek Farm Cabin for a quick orientation before departing for 3-hours.

By Appointment until Fall
