BEN FRANKLIN SOCIETY
PROJECT REPORT

APRIL 2019

GRIST MILL INVENTORY PROJECT

Bob Radcliffe has re-activated this Ben Franklin Society (BFS) Project and is seeking Volunteers to help with Field Inventory and NC Archive Report Preparation and Filing

Preparatory work began in December 2018, with a visit to NCDCCR in Raleigh, to meet new Archaeology Site Registrar, Rosie Blewitt-Golsch. A Prototype Mill Site filing process has been developed that now enables us to proceed and finally accomplish the goals of this Project that Bob started in 2008.

We successfully completed our first Archaeological Site Filing on December 11TH, 2018. The **WHITAKER MILL on Lynch Creek** was assigned the **OSA-ID 31FK165**. Each Site is assigned a permanent Site-ID by the OSA Site Registrar.

As we complete and submit each Final Site Report, we will post redacted PDF versions on our BFS website.

We encourage you to download and review these Site Reports. Learn about the history of your Community.

Our March Field Trips netted missing GPS Coordinates and Photography, so that additional Site Reports could be finalized. Contact Bob Radcliffe to register for the Field Trip(s) you want to attend. We will gather at the Lynch Creek Farm Cabin for a quick orientation before departing for 3-hours.

APRIL FIELD TRIP SCHEDULE

Wednesday April 10TH @ 9:00am
